

Inter-university collaboration agreements

The UPPA offers the possibility of coming to study in the context of an inter-university collaboration agreement (ICA) signed with one of its 89 partner institutions.

If you would like to do part of your studies at UPPA as part of an exchange programme, you first need to contact the International Office in your university to ensure that there is a partnership between the two institutions.

You must then obtain the authorisation from your institution, which will then ensure that your application is made official at the UPPA.
