Setting up agreements

The International Office oversees the management and follow-up of the inter-university collaboration agreements (ICA).

* The Inter-university Collaboration Agreement (ICA) is an administrative document that formally defines the intention of a foreign HEI and UPPA to enter into collaboration. It is signed by the two HEI rectors for a maximum duration of 5 years, following approval from the CFVU and the CA.
* The Erasmus + agreement (Key Action 1: Individual mobility) has its own specific and slightly less formal procedure.
